To be clear, We the People Have Had ENOUGH!
We Demand Practical Solutions NOW!!

While nine (9) of those are critical to our Nation's short and long future, We the People must first gain everyone's attention with a stern *Declaration of Intent!* In order to make ALL parties aware that Reform must and will begin with Proposal #7.

And it will begin NOW!!

Thus, the too long Silent Majority of We the People do now Declare that,

"No more Children will be allowed across the US/Mexican Border until further notice. And that means for ANY REASON or EXCUSE!!

Effective Immediately! America is Closed for two (2) years!!
